March 2025

Dear Parents and Carers,

It finally feels as though brighter days are on the way. We are so glad to be able to make full use of our outside space and give children the freedom to roam the field. March has brought a number of themed weeks and days which we have really enjoyed participating in.

## Science Week

This month we have celebrated National Science Week. The theme this year was change and adapt. Each afternoon classes used their sessions to complete lots of different experiments and we shared some of our findings and experiences in assembly on the Friday. The best day of the week had to be the Wednesday when the teachers had to change and adapt by planning for and teaching a different year group. It was a great way for us to build relationships across the school and all of the children enjoyed the novelty of having a different teacher for the afternoon.

## World Book Day

On 6<sup>th</sup> March we celebrated World Book Day. We loved seeing the fantastic outfits the children wore, either as a book character or as a word from the dictionary. I'm not sure I'd commit to an outfit which involved wearing a swimming hat and goggles all day again but you live and learn! Alice Harman the non-fiction author went down a storm in the classrooms and really inspired some fantastic non-fiction writing across school, she also crowned the Year 5 class the winners of the classroom door book cover competition.

## Forest School

Throughout March it has been Class 1 and Class R who have had the joy of Forest School on a Tuesday. The children and the staff have loved being down in the forest with Fran and Ben at Boots and Brambles, they have done some fantastic activities and really enjoyed being outdoors in nature.

## Upcoming Dates

More detailed information for each event will come from class teachers or whole school communications on dojo as required.

Date	Event	You will need....
2 <sup>nd</sup> April	Equals Trust Concert	
4 <sup>th</sup> April	Last day of term
